BUSINESS
PROFILE

YEAR 2021-22

Reg - 2018/360414/07

Our Commitment

As the oil and gas industry evolves we continue to partner with our clients, collaboratively developing solutions that are safe, sustainable and competitive.

A culture of collaboration plays a great part. Working closely with our clients we have been able to leverage our Operator's mindset to develop innovative practices that deliver against safety, sustainability, expenditure, productivity and integrity measures.

Our Vision

Our vision is a dynamic, powerful, skilled and assertive way of doing business to develop an effective, highperformance enterprise. Our vision includes:

Create a work environment where people are motivated to excel

Be a reliable supplier of a quality product, that goes beyond all customers' expectations
Work hard to build symbiotic relationships with customers and suppliers

Our Mission

VENPIONEERS HOLDINGS AND CONSULANT is heading towards a destination of excellence in fuel solutions, and we aim to become the greatest and most respected provider in the region. Our mission includes:

- To make a measurable difference to businesses and lives
- To fuel a service and product of excellence
- To be reliable, professional, driven and highly competitive

Values

Integrity: We do what we say we will do, on time, every time

Consistent: We are reliable, direct, approachable and dependable

Brilliant: We strive for excellence in everything we do, providing costeffective, market-focused energy/fuel solutions for existing and future markets

Expertise: We are passionately committed to utmost proficiency

Assertive: Our business remains viable and on the pulse

QUALITY POLICY & OBJECTIVES

Our capability is centred on our Integrated Management System (IMS), based upon best practice industry standards, recognised by International Oil Companies and certified to ISO9001 (Quality Management System),

ISO18001 (OHS Management System Requirements) and ISO14001 (Environmental Management System Requirements).

It underpins delivery of our core services, including industry-leading HSE solutions that are practical, cost effective, tailored to client requirements and in accordance with the relevant health and safety regulations.

We believe in approaching safety proactively from every angle to create a culture of zero harm. We focus on our people on the prevention of incidents, protection of the environment and the safety, health and well-being of all employees, contractors, clients and stakeholders. We develop relationships with respect for the culture, diversity and values of others.

Collaboration with clients is our utmost priority for enabling successful delivery; developing a safe and effective

ENVIRONMENTAL PROTECTION

Our efforts are aimed towards the realization of the following environmental objectives:

maintaining full compliance of operations with the applicable legal requirements regarding environmental protection,

reduction of emissions resulting from the activities of the company, in particular from combustion of fuels in combustion engines,

continuous improvement of environmental awareness of employees,

minimizing the impact of failures on the environment and carrying out policies aimed at preventing emergency situations,

The aim of environmental policy is to achieve possible to minimization of environmental impact of the services provided by our specialized services.
